

SMART 235 WD

MOTORIZATION

**Nr 2 Collector
motor**

MATERIAL TO VACUUM

Dust and liquids

FILTER TYPE

Cartridge

FILTER CLEANING

**Semi-Automatic -
Button**

SMART 235 WD is an extremely compact single-phase wet / dry vacuum cleaner with 2 motors capable of sucking up liquids without having to remove the dust filter which is always mounted. Another innovative solution for the vacuuming of liquids consists in the presence of an electric float, which allows the automatic shutdown of the vacuum cleaner when the maximum level is reached. The possibility of aspirating liquids does not affect the performance of dust vacuuming: a class M filter is provided as standard, as well as a semi-automatic system for cleaning the filter. Its maneuverability, combined with its compactness, allows it to be easily moved even in the smallest places, facilitating routine cleaning work.

Features

EMPTYING
Collection system with 35l barrel

ENGINE
2 By-pass motors

POWERTOOLS
Powertool available

FILTRATION
Cartridge filter aluminized

Technical specifications

Technical data	SMART 235 WD
MATERIAL TO VACUUM	Dust and liquids
MOTORIZATION	Nr 2 Collector motor
MARKING	-
POWER	2200 W
VOLTAGE	230 V
FREQUENCY	50 / 60 Hz
AMPERAGE	9,6 A
AIR CONSUMPTION	-
AIRFLOW	340 m3/h
DEPRESSION	230 mBar
MAX DEPRESSION	-
SUCTION INLET	Type A Tang. 60 mm
DIMENSIONS	68x50 h111cm
WEIGHT	42
COLLECTION SYSTEM	Barrel
COLLECTION CAPACITY	35 L
LONGOPAC	-
ELECTRIC FLOATER	Included - Automatic shutdown
FILTER CHAMBER DIAMETER	Ø 370mm
FILTER TYPE	Cartridge
FILTERING MEDIA AND PROPERTIES	M Conductive Aluminized + Electric Float
FILTER SURFACE	9.000 cm2
FILTER CLEANING	Semi-Automatic - Button
LIQUID EMPTYING	-
FILTER HEPA	-
HEPA FILTERING SURFACE	-
