

DYNAJET Weed killer DUV 250

548272

The weed killer DUV 250 can be connected to any DYNAJET hot water device. This combination makes for an environmentally friendly way to fight weeds by means of the hot water method.

Special characteristics of the DUV 250 are as follows:

- can be used with any DYNAJET hot water device, regardless of the pressure class
- pressure-free water outlet for use on any surface
- 250 mm wide nozzle bar for easy handling and fatigue-free working
- easy to clean through side flushing opening
- wheels with low-friction bearings for fatigue-free working even on large surfaces (additional accessory [547857](#))

Base data

General technical data

Connection type (input)	M22x1,5 ET
Maximum flow rate	30 l/min (7.94 USgal/min)
Suited for hot water systems	Yes
Maximum temperature	Max. 100 °C
Weight (w/o fuel or water) in kg	1.14
Compatible with manufacturer	DYNAJET
